

## Dr. Sunita Banerji - C V

Date of Birth: 4<sup>th</sup> February, 1958

Dr. Sunita Banerji, a MBBS graduate, received her credentials in Obstetrics and Gynecology in 1982 after which she set up a successful Family Medicine practice in Mumbai in 1989.

She also became attached to Kopran Ltd., a Pharmaceutical Company, as a Medical Advisor and worked with them for a period of fifteen years. During the tenure in Kopran, she gathered extensive knowledge of Pharmaceutical products, especially new products in Chronic therapies. Further, she was also editing a Medical News Magazine – Medi+Scene.

Thereafter, Dr. Sunita received extensive training in Aesthetics in London. Upon her return, she started an Aesthetic Medicine practice.

Six years ago, she trained under Dr. S. Ali Mohamed from Houston, a Harvard graduate, in Anti-Aging Medicine and started a clinic called Eternesse ([eternesseclinic.com](http://eternesseclinic.com)) - a clinic that focuses on today's major medical problems related to genetic testing, lifestyle, beauty, health and aging.
